Greetings Supporters and Friends.

Over the past several years, we at Family Services Inc. have been agonizing over the number of people we have had to turn away from our Family Shelter due to lack of space. We knew that 16 beds where not enough to serve the growing population of homeless individuals in Blair County. With this in mind, we began to explore possible sites for a new shelter and after several disappointments, we came upon the site at 2300 N Branch Ave., Altoona. 2018/19 marked the kick-off of our Family Shelter Capital Campaign to fund the renovation of the Drenning building to provide a 35-bed shelter on the first floor and 6 permanent 2-bedroom apartments on the second floor. We began sharing our story at every venue we could get into (churches, social clubs, businesses) to garner support for this 2.8-million-dollar project. Our hope is that the shelter will be open and operational in 2021.

Our R.K. Agarwal M.D. & Family Teen Center & Shelter welcomed several groups in to provide services at the center as well as donations of much needed supplies. Community support for this program continues to grow.

The Center for Child Justice served 185 children during 2018/19 and the cases are not slowing down. Now that the community knows that we are here, referrals have increased, and the number of children being saved from continued physical and sexual abuse continues to grow.

After one year of having closed the domestic abuse shelter, the Victim Services program served 1,179 clients utilizing the housing first model. We have shown success in allowing victims to remain in their homes and removing the perpetrators thanks to support from the court system. We have been able to increase our number of client advocates and individualize the services that each client needs.

Our Intellectual Disabilities program has had to adapt and change to the needs of our clients. Like so many other organizations, the struggle to find staff is real. We continue to seek new uses of technology to better serve our individuals as well as employees.

Your continued support makes all this possible!

With gratitude.

Lisa Hann,

**Executive Director** 

La Idam
